2026 InnoVision Awards Sponsor Opportunities

The InnoVision Awards honors distinguished South Carolina organizations, individuals, educators, and students who set new standards for innovation and technology advancement. Awards are conferred in six categories:

Technology Development, Technology Application, Small Business, Sustainability, Community Service, and Education as well as two honorary awards: the Ibrahim Janajreh STEM Award, and the Dr. Charles Townes Individual Achievement Award, recognizing decades of significant contributions to South Carolina innovation.

2026 InnoVision Awards Sponsor Opportunities

InnoVision Forums are designed to engage and inform the business community on a variety of trending innovation topics through presentations and panel discussions. Afterward, attendees are invited to stay to network and share ideas. We invite Sponsors to suggest topics, serve as speakers/moderators, and/or host an event, which typically brings together 50+ attendees.

The Meet the Finalists Event is an intimate, invitation-only event for Finalists, InnoVision Awards Board Members, Sponsors, and their invited guests. The Meet the Finalists event is a great opportunity to learn about each of the finalists and their innovations before the Awards Ceremony and network with business leaders from across South Carolina.

Innovation News Outlets: Over the past 27 years, InnoVision has maintained a loyal following in South Carolina's innovation space by spotlighting innovation news, sharing our partners' events, promoting the InnoVision Awards ceremony, and highlighting valued sponsors through regular e-newsletters and our social media channels. We also have strong relationships with other leading South Carolina organizations who forward our event announcements to their members, thus expanding our reach.

The annual InnoVision Awards event provides many opportunities to showcase your company through on stage presentation opportunities, video highlights and new for 2026: a Vendor Village will be added as a component to the popular networking hour.

Thank you to our 2025 Sponsors
